

Accelerate Your Pavilion Experience

There are many different ways members engage and gain value from their Pavilion membership. So where do you start? While everyone's experience is different, this guide is designed to familiarize you with the community and the resources available.

Enroll in Pavilion University

Community-powered learning is the foundation of what we do here at Pavilion. Level up professionally and expand your network by enrolling in a live or on demand Pavilion University program.

Pavilion University is backed by LMS Docebo, where you will login for classes, find assignments and additional resources. In addition to Pavilion's full suite of programs, Executive Members have complimentary access to Winning By Design's flagship Revenue Architecture course, a \$2,500 value.

Browse the Knowledge Hub

Expect an email inviting you to join Guru, the platform that hosts Pavilion's online Knowledge Hub.

Access 1,000+ playbooks, templates, and other resources at your fingertips online or within Slack by typing "/guru" into the message bar followed by your search terms.

Connect with Members in Slack

Get started in Slack by introducing yourself in the [#pavilion_new_members](#) channel.

Build connections and engage with members globally, in real-time through your local chapter city channels, private functional channels such as [#function_cro](#) or [#function_cmo](#), and small cohorts for select Pavilion University courses.

Lean on your peers in Slack to discuss roadblocks, daily challenges, and iron out new ideas.

Unlock Your Professional Potential

Attend a Pavilion Event

Pavilion hosts several events every week. Find and register for upcoming in-person and virtual events by browsing our events calendar.

Don't see what you are looking for? Consider hosting your own in-person event through PavilionX.
